

Returning to Work After SARS-CoV-2 Exposure

By continuing to report to work after a high-risk exposure to SARS-CoV-2 on _____ I attest that:

- I am self-monitoring and not experiencing any symptoms or changes in health status, as mentioned in policy EH105a
- I am completing the recommended testing for COVID-19 (Where exposure is day 0, test on day 1, 3, and 5)
- All of the tests mentioned above are negative
- I will follow all recommended infection prevention and control practices per policy, including, but not limited to:
 - Use of well-fitting source control in all areas for 10 days following exposure
 - Not reporting to work when ill
 - Self-monitoring for fever or symptoms consistent with COVID-19.
